

PRESS RELEASE

LESS IS A BORE, HUMANS NEED MORE!

July 19th to August 18th 2002

Saturday – Sunday 12-6pm and by appointment

The Mission are proud to present a selection of twelve videos that sit sweetly together. Ranging from the rough to the smooth, the films offer a variety of suspense, laughter and musical interludes. No common thread holds them together, but it seems as though they were made for each other. Anticipation is the name of the game, from the tease of cartoons without characters to the showdown between one man and his cat. We just have to wait and see...
